

COMMONWEALTH GAMES MEDALLISTS - WEIGHTLIFTING

First held in 1950. The number of lifts was reduced from 3 (press, snatch & clean and jerk) to 2 (snatch & clean and jerk) in 1974. From 1990 to 2002 separate medals were awarded for snatch & clean and jerk as well as for the combined total. Weights lifted are given in kilograms, although were measured in pounds from 1950-1966. Although category names are no longer used these are included as table headings to provide continuity between Games. The number of men's weight categories was reduced from 10 to 8 in 1998. Women's weightlifting was added to the programme in 2002.

MEN

Combined 1970-1990 52kg,- 1994 54kg -
