THE LATE CHRIS CHUGG

It is with great sadness that I inform you of the sudden and untimely passing , (January 15th) of our friend Chris Chugg of Australia.

Chris was a champion weightlifter in his younger days and in recent years became one of the leading coaches in Australia, producing top lifters from his home state of Tasmania. He was a Life Member of Weightlifting Tasmania and had served diligently in many roles in the sport in a career extending in excess of 35 years.

Chris was a much loved and respected member of the weightlifting fraternity in the Commonwealth and he will be greatly missed.

On behalf of the Commonwealth Weightlifting Federation we extend our deepest sympathies to his partner Mary, his children Matilda, Jack and Edward and also to the Tasmania Weightlifting Association and the Australian Weightlifting Federation.
